

SkyLine

mod: 1830
design by Riccardo Paolino e Matteo Fusi

The skylines of the most beautiful cities of the world stylised with simple sketches and highlighted on a background of black, red or white. The drawing is white on the first two backgrounds and black on the white one. The cities available are: Milan, Florence, Rome Turin, Verona, Paris, London, New York, Toronto, Istanbul, Moscow and Hong Kong. The idea is simple but very impressive. Skyline is made of wood and is varnished with non-toxic paint, it is battery powered with a quartz mechanism.
