

Mossy

mod: 2545
design by Progetti C.R.

Mossy is a fun wall clock created with real stabilized moss. This clock is meant for all nature lovers who can't live without, even inside their own homes. Simple in shape but sure to make an impact, Mossy is available in various colours. The hands have a unique shape that brings to mind a lichen branch. High quality battery-operated quartz movement manufactured in Germany.
