Progetti

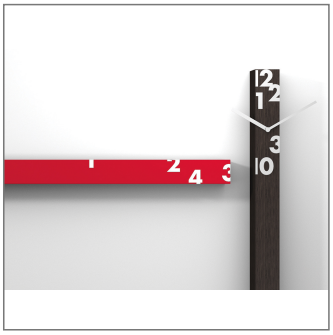

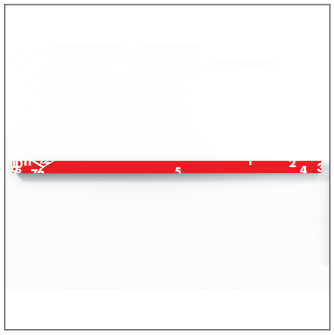

IlTempoStringe

mod: 1605
design by Alberto Sala

An elegantly designed bar, 150 cm long and only 6cm deep, which can fit anywhere in your house, even in a space where nothing else would fit. This is iltempostrige a clock completely different from any other. It comes in two versions: horizontal or vertical. It is made of wood and is varnished with non-toxic paint, it is battery powered with a quartz mechanism.
