

Cube 01

mod: 2185

design by

Inspired by the works of Donald Judd which combined elements of painting and sculpture, Cube 01 is a materic, natural, simple clock that plays with space. It's a contemporary object suitable for many different locations, emerges without exceeding, communicates an idea of pure and functional design. Made in different colors, always puts in contrast the lacquered colored dial with the wooden frame. Battery quartz movement.
