

India, an important new market for Progetti

Trade fairs, products and new markets for a company that is constantly growing and bringing high quality Made in Italy to the entire world

A collaboration between **Progetti** and **S.T. Unicom Pvt. Ltd.** and their exclusive distributors in **India** has been recently established. An **important partner** that will propose to the local market, both in its single-brand stores and through its online platform, the entire collection of the Brianza-based company that is a leader in the production of contemporary clocks and cuckoo clocks as well as the symbol of high quality Made in Italy.

S.T. Unicom Pvt. Ltd., led by **Navin Kanodia**, is an established entity that has been well-known in the elegant, excellence and design furniture scene for decades. The very same Mr. Kanodia, managing director, states: *"The Indian market for home decorations is ready for a big step. Today, the consumer is always more and more attentive to decorating in order to live in a well-cared for and elegant atmosphere. Therefore, companies in the furniture and accessories sectors have a great opportunity in this country and Progetti has been launched in time to meet this increasing demand by consumers for innovative and original objects. The brand is synonymous with high quality, attention to details, excellent craftsmanship and Made in Italy. We are confident that Progetti will gain significant market share in India"*.

The entrance into this new and vast market is a further sign of **Progetti's growth, which today is present with distributors, agents and stores all over the world**, while also participating in the most important international trade fairs of the sector.

The next event will be, in fact, the **Salone Internazionale del Mobile** where the company will exhibit in a space that is decorated in a simple and linear manner in order to highlight not only its new proposals, but also its clocks, cuckoo clocks and furnishing accessories which are ideal for various settings of the home, the office and contract design as well, in order to meet all of its visitors' needs.

We look forward to seeing you then, from the 8th to 13th of April 2014 at Milan-Rho Fiera in Hall 16, Booth D38.
