

CentralPark Barbero design

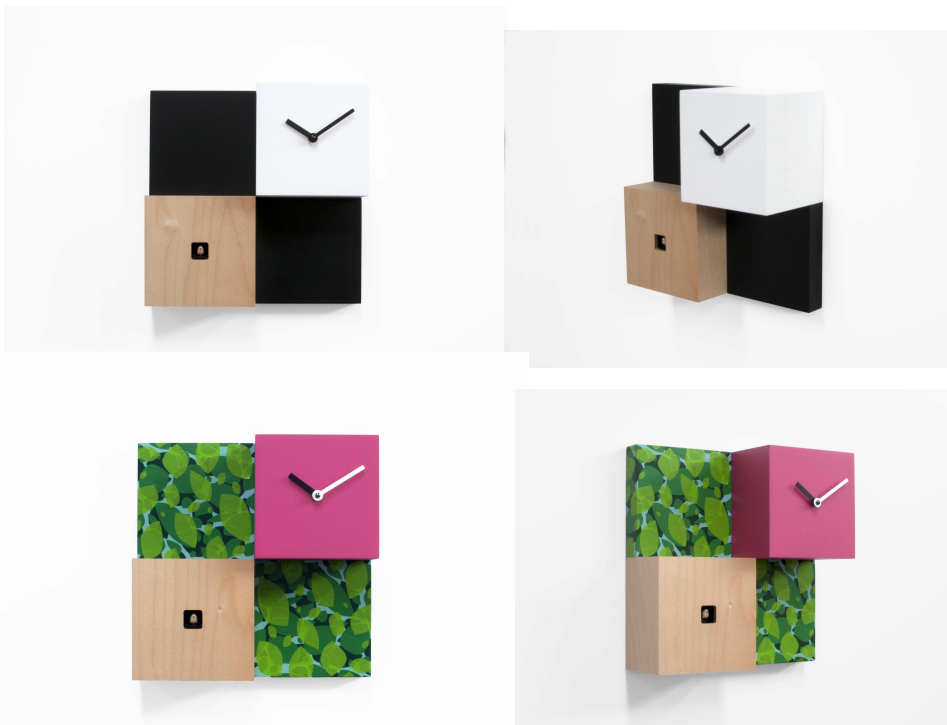

Inspired by the American metropolis, CentralPark reminiscent of skyscrapers that rise above the park. The cuckoo, made of wood, is formed by four parallelepipeds of different heights. In the lower left corner cube lowest where you can see the bird of the cuckoo while the upper right shows the clock.

CentralPark is presented in two color versions: one with a black base, cube cuckoo natural wood and white clock with black hands, and the other version, more sparkling, has the base covered with a graphic of stylized leaves of various shades of green, cuckoo always natural wood clock with hands purple black and white.
